Staff Contact: Esther Guerrero, (915) 541-4720, guerreroex@elpasotexas.gov

Esther Guerrero, Planner, gave a brief presentation and noted that staff and DCC are recommending denial of this request because it is not compatible with the surrounding residential uses and zoning districts.

Enrique Rey with Rey Engineering noted that he conducted a survey of the surrounding property owners and no one was against the rezoning of this property.

Lupe Cuellar, Assistant City Attorney, expressed concern that if at a later date the property owner decides to sell the lot, the lot will be land locked and she feels it will create a legal issue.

Michelle Padilla noted that the Department of Transportation's concern with this rezoning is that they have already had to make improvements to the neighborhood through the Neighborhood Traffic Management Program to reduce speeding in the area. There are two ways into this neighborhood and at one of the main access points the department installed two traffic circles and some curb extensions. If access cannot be restricted, the department has concerns with increasing the commercial traffic through the neighborhood and creating an issue on these residential streets.

Lupe Cuellar recommended that this item be postponed to allow staff to look at drainage, access points, restrictions on a C-3 zone, and different issues that arose during the meeting.
